RIVERSIDE PARK.

Is Where General Grant Will Be Buried.

By Telegraph to THE SENTINEL.

Mr. McGREGOR, July 28.--General Grant will be buried in River Side park, New York.

Mr. McGREGOR, July 28.--Col. Fred Grant returned from New York this morning and after a consultation with the family sent the following despatch:

W. P. GRACE, New York.
Mother takes Riverside. A temporary tomb had better be at the same place.
[Signed.] F. D. GRANT.

Mr. R. McROBBIE, Washington, D. C.: Mother to-day accepted Riverside Park. She wishes me to thank you for the tender of the Soldiers' Home.
[Signed.] F. D. GRANT.

A company of regulars came to-day, bringing their tents and all camp accoutrements. There were thirty-eight men in all, who are in charge of Lieutenants Wood and Barr. The detail is made up from company E, twelfth infantry.

White tents have been pitched and about the cottage where the dead commander lies is now a scene of bivouac and camp life with veterans and regulars side by side. Col. Roger Jones, to whom all military here are ordered to report, came with regulars and has assumed control and direction under orders from General Hancock. It was learned this morning that 600 or 700 troops will be or have been ordered to Saratoga to meet the remains of General Grant on their arrival there from the mountains on Tuesday next. Ordnance will be stationed at Saratoga where the proper salute will be fired during the transfer of the body from the mountain train to the funeral train. The intention of carrying the remains in the private car of Mr. Vanderbilt has been changed and the funeral car Woodlawn has been substituted. This car besides carrying the remains will furnish accommodations for forty persons. The government has ordered General Passenger Agent Kenrick, of the New York Central, to draft the cars of the funeral train. General Hancock and staff now purpose to be present here on Monday before the funeral service. On the day of the removal of the body to Albany the Delaware and Hudson Canal company will send ahead of the funeral train at short intervals four passenger trains of fourteen cars each to take up Grand Army men and others who may that day be desirous of going into Albany to view the remains as they lay in state.

No remedy has yet been invented that is so effective in all KIDNEY AND LIVER COMPLAINTS, MALARIA, DYSENTERIA, etc., and yet it is simple and harmless. Science and medical skill have combined with wonderful success to give herbs which nature has provided for the cure of a disease. It strengthens and invigorates the whole system.

Mike Walsh, the genial Aveline house clerk, will return from Mt. Clemens next Friday.

A young son of Louis Rastetter, who has been quite sick for some time, is recovering.

The employee of the Bass foundry will run an excursion to Rome City, Wednesday, August 19.

A midwife reported sixteen births for July to Health Officer McFetridge this morning. Doctors don't like to see this lucrative practice get away from them.

Mary Gable, an administratrix of the estate of Christian Gable, sued Peter Gable to recover \$5,000 on a note. J. F. Hoddiebaugh is attorney for the plaintiff.

Frank Falke will resign his position with A. C. Troutman about September 1, to engage extensively in the patent right business. Frank is a worker and will succeed.

Judge Hooley was driven a mile at the fair ground track this morning in 2:34, by J. W. Pearce. The horse acted nicely and quite a sum of money changed hands on the speed.

Chief Hillrecht did not purchase a new home for the fire department, as the papers had it. He traded an old horse for a younger animal giving but \$25 to the exchange.

A farmer out on the St. Joe road recently dumped several dead hogs into the St. Joe river, just at the point where the water works pipe terminates. If any water comes through the pipe, the river had better be cleaned.

R. W. T. DeWall went to Jackson, Mich., to-day to arrange with the Emmett Guards, of that city, to present the drama, "Holier Emmett" in this city during the forthcoming encampment. Captain Frank Weldon was the first to suggest this feature of the reunion.

Gen. Charles MacDougal, of the United States army, who died at Berryville, Va., Saturday, is an old Indiana citizen and related to Mr. John MacDougal, of East Berry street. The Indianapolis *News* devotes a column to the brilliant achievements of General MacDougal.

Sheriff Nelson to-day brought to this city John and Margaret Shanner, of El River township. The old people are partially demented and imagine all people desire them harm. They went about their home armed with huge knives and otherwise acted strongly. A commission will inquire into their case and probably commit them to the state asylum.

Councilman Prentiss denies that he is in any way connected with the Electric Light company. About two years ago he went to Louisville to take charge of some business there for the original Jenny company. He never was employed by the local light company and is in no manner attached to their institution. The *Journal* charged him with being an agent this morning.

George D. Crane and family are camping out at Rome City.

Pick pockets tried to operate at the south depot Sunday night.

There was no police court this morning. It was registered as a whitewash. City Clerk Rockhill has issued a license to Van Amburg's circus, for August 26.

Holmes Gillett will leave the city. William Fitzgerald yesterday purchased his saloon fixtures.

An old horse dropped dead on East Washington street last night. It was carted off to pastures new.

The telephone trouble over the new law has closed up the exchange at Washington and a few other small towns in Indiana.

All exchange says that the well-conducted evening papers in all cities not only have the circulation but are the papers which are read.

The Island Park assembly closes Thursday night with a great camp fire. After this season of prayer and literature comes the policeman's exhibition.

The fastest engine on the Grand Rapids road has just been placed on the northern division of the line. It made the fastest run on record Saturday.

To-morrow afternoon the committee will meet at the city hall and arrange a program for memorial day, August 8. The service may occur at the Masonic Temple, as it is said Manager Simonson will tender its use.

Mayor Muhler's Order.

It is with pride I note that the private decorations in honor of General U. S. Grant are profuse and tender, indicating that all alike appreciate and mourn the nation's loss. The public buildings should indicate the same feeling and to-night I will ask the council to provide for draping the city buildings. I urge the county authorities to decorate the court house, as it is the most prominent public place in the city, and I feel that the request will be complied with.

At the hour of General Grant's funeral it would be eminently proper to suspend all business and devote a few moments of busy life to thoughts of America's greatest soldier and citizen, whose last words were uttered to thank us for our prayers and rejoice that he lived to see the union linked again by sacred ties, in fact as well as in name. His life is one to emulate, his memory one to revere and cherish, and his achievements ought to be proclaimed as long as the fire of patriotism glows and America holds her place among the nations of the earth. Let not Fort Wayne be backward on this most auspicious occasion.

(Signed) CHARLES F. MUNIZ,
Mayor.
W. W. Rockhill, City Clerk.

The Wednesday evening prayer meeting of the First Presbyterian church will be led this week by D. P. More, general secretary of the Railroad Y. M. C. A. This being the only service now held by the church, should be well attended.

The cottage meeting of the R. R. Y. M. C. A. will be held this evening at the residence of Mrs. Geo. Welch, corner of Butler street and Fairfield avenue. All railroad and factory people living in the vicinity are cordially invited.

Yesterday afternoon four men were paid off in the Wahash shop—a blacksmith and his helper and two boiler makers. The order came from headquarters to reduce the expenses. In the machine shop two new machinists were employed, as in this department the work is behind.

Mrs. Prudence Teague, a lady residing south of Wahash, has been notified that she is in the heir to an immense fortune in Philadelphia, accumulated by her grandfather Samuel Cooper, who died late in the last century. The property is principally in real estate, which was leased in 1770 for the term of ninety-nine years.

In Honor of Gen. U. S. Grant.

Quite a number of prominent citizens met at the superior court room last night to arrange for an occasion when the people of Fort Wayne can pay proper tribute to General Grant.

Mayor Muhler was called to the chair and S. M. Foster acted as secretary. Mr. H. H. Robinson offered the following resolution, which was adopted:

Resolved. That the chair appoint a committee of thirteen, four from the city at large and one from each ward, who shall prepare a program to attend the respect of this community, in communion with people of the United States, on the day of the burial of General Grant, for his sterling character and patriotic services.

The suggestion was offered that Mayor Muhler acts as ex-officio chairman of the committee and the meeting so ordered.

Short addresses were made by Hon. R. C. Bell and Hon. Robert Lowry, Mr. Harry Hauns and Hon. F. P. Randall, after which the mayor named the following committee:

First ward—F. P. Randall.
Second ward—C. Tresselt.
Third ward—James M. Kane.
Fourth ward—J. K. Edgerton.
Fifth ward—George H. Wilson.
Sixth ward—Gottlieb Haller.
Seventh ward—George DeWald.
Eighth ward—William D. Page.
Ninth ward—J. R. Prentiss.

From the city at large: Hon. Robert Lowry, Judge Allen Zollars, Judge John Morris, H. H. Robinson.

The public buildings should indicate the same feeling and to-night I will ask the council to provide for draping the city buildings. I urge the county authorities to decorate the court house, as it is the most prominent public place in the city, and I feel that the request will be complied with.

At the hour of General Grant's funeral it would be eminently proper to suspend all business and devote a few moments of busy life to thoughts of America's greatest soldier and citizen, whose last words were uttered to thank us for our prayers and rejoice that he lived to see the union linked again by sacred ties, in fact as well as in name. His life is one to emulate, his memory one to revere and cherish, and his achievements ought to be proclaimed as long as the fire of patriotism glows and America holds her place among the nations of the earth. Let not Fort Wayne be backward on this most auspicious occasion.

IT COMES.

The Pittsburg Railway Officers Receive Notice to Curtail Expenses.

This morning the chiefs of the Pittsburg railway departments here received notice to curtail expenses one third, confirming the advance rumor that gained currency a day or two ago. The curtailment will be made with as slight a diminution of men as possible. The working hours will be reduced from ten to eight and the working days from six to five or even four, if the occasion requires it. The order applies to all departments in the shops and then extends to the road, where every man not actually needed will be suspended. It is not possible to name the number of men to lose their places but not over fifty will go, and even their dismissal will be temporary, if the trunk line war ceases, and puts business on a paying basis.

Squeezing the Bondholders.

The disintegration of the Wahash is continuing at such a rate that there seems to be every ground for believing it to be the policy of the management to allow it to continue and so coerce the bondholders. The trustees of the mortgage on the Quincy, Missouri and Pacific road have applied for the separation of their property from the Wahash, and the application has been granted by the court.

The cottage meeting of the R. R. Y. M. C. A. will be held this evening at the residence of Mrs. Geo. Welch, corner of Butler street and Fairfield avenue. All railroad and factory people living in the vicinity are cordially invited.

The Wednesdays are the only days when the Wahash is in full blast, and after several weeks they left me a cripple on crutches for life, as they said. I met a friend and told him my case, and he said Hop Bitters had cured him, so I took Hop Bitters, but he was so earnest I was induced to use him again.

In less than four weeks I threw away my crutches and went to work lightly and kept on using the bitters for five weeks, until I became as well as any man living, and have been so for six years since.

"That poor invalid wife, sister, mother

"Or daughter! ! !

"Can be made the picture of health!

"With a few bottles of Hop Bitters

"Will you let them suffer? ! ! !"

Persecute the bondholders!!!

If when you call for Hop Bitters, see green cluster of Hop on the white, behind the druggist, and say stuff called C. D. Warner's German Hop Bitters, and when you take it you will feel better, and if he has taken your money for the druggist, tell him to give it back, and sue him for damages for the mistake, and we will reward you liberally for the conviction.

The Late Henry Kranskopf.

Shortly after the death of Mr. Henry Kranskopf, who was buried here, the clerks in the paymaster's division of the treasury department, at Washington, met and passed the following resolution:

WHEREAS, It is meet and proper that we on this occasion, should give expression to the deep feelings with which we have been impressed by his kindly qualities of heart, his just and temperate views, and his faithful and efficient performance of every duty, therefore be it

Resolved, That we deeply deplore the death of our friend, and sincerely sympathize with his afflicted family.

Resolved, That a copy of these resolutions be forwarded to the bereaved family.
